Free Immunizations Available for Mini-Cassia Area Children

TWIN FALLS-South Central Public Health District (SCPHD) through a generous donation from State Farm Insurance is offering free immunizations to children 13 months to four years old in the Mini-Cassia area.

The free clinic (by appointment only) is scheduled for February 10, from 8:30 a.m. to 11:30 a.m. at the SCPHD office in Burley (2311 Parke Ave., Unit 4, Suite 4), to schedule an appointment call 678-8221 or 436-7185. Funds are being provided by State Farm Insurance promoting the importance of childhood immunizations. These funds will cover the cost of the usual administration fee for parents without insurance or the inability to pay. This clinic is **by appointment only** and will be offered while free immunization funding is available.

For more information, call Lisa Klamm, SCPHD Immunization Coordinator, at 436-7185.
