PRESS RELEASE – For Immediate Release

Contact: Susie Beem, Diabetes Program Coordinator 737-5946

Free Foot and Eye Screenings for People With Diabetes

TWIN FALLS-The Magic Valley Diabetes Coalition is offering special “Head to Toe” clinics for people with diabetes. Eye screenings, foot exams, blood pressure, hemoglobin a1c tests, and nutrition education will be offered free of charge to people with diabetes.

These “Head to Toe” clinics will take place:

- **In Buhl at Family Health Services (located at 725 Fair Street) on March 9 at 10 a.m.-1 p.m. Please call 737-5946 to schedule an appointment.**
- **In Twin Falls at South Central Public Health District (located at 1020 Washington St. N. on the CSI campus) on March 11 at 10 a.m.-3 p.m. Please call 737-5946 to schedule an appointment.**

Appointments must be made for the clinics. These clinics are open to people with diabetes who are newly diagnosed, have no insurance, have insurance with a high deductible, or those who have never received any of the offered services.

The Centers for Disease Control and Prevention and the Idaho Diabetes Prevention and Control Program recommend that people with diabetes receive a dilated eye screening, a neurosensory foot examination, and a hemoglobin a1c test at least once a year.

Please take this opportunity to receive a free eye and foot screening, along with the hemoglobin a1c test and other services. If you have any questions about diabetes, contact Susie Beem at South Central Public Health District at 737-5946.
