SCPHD Reminds Worried Public That the Twin Falls Office Is Still Open For Business

TWIN FALLS – Last week, South Central Public Health District (SCPHD) announced the closure of its Twin Falls family planning clinic. SCPHD has received several calls from the public in reference to the entire Twin Falls office being closed. SCPHD wants to reassure the community that the Twin Falls office is still open. All other services provided by the SCPHD Twin Falls office (including immunizations, Environmental Health services, and WIC) are still available from 8 a.m. to 5 p.m. Monday through Friday.

For more information on the services of SCPHD and office locations, visit phd5.idaho.gov.
