Center at **208-321-2222**, M-F from 8:30 am to 4:30 to learn more.

District 5- South Central Public Health District

[Click here](#), fill out the form, and the health district will help connect your company and employees with a local provider.

If you have any questions call the COVID-19 hotline: **208-737-1138**

District 6- Southeastern Idaho Public Health

Contact Southeastern Idaho Public Health's COVID-19 hotline

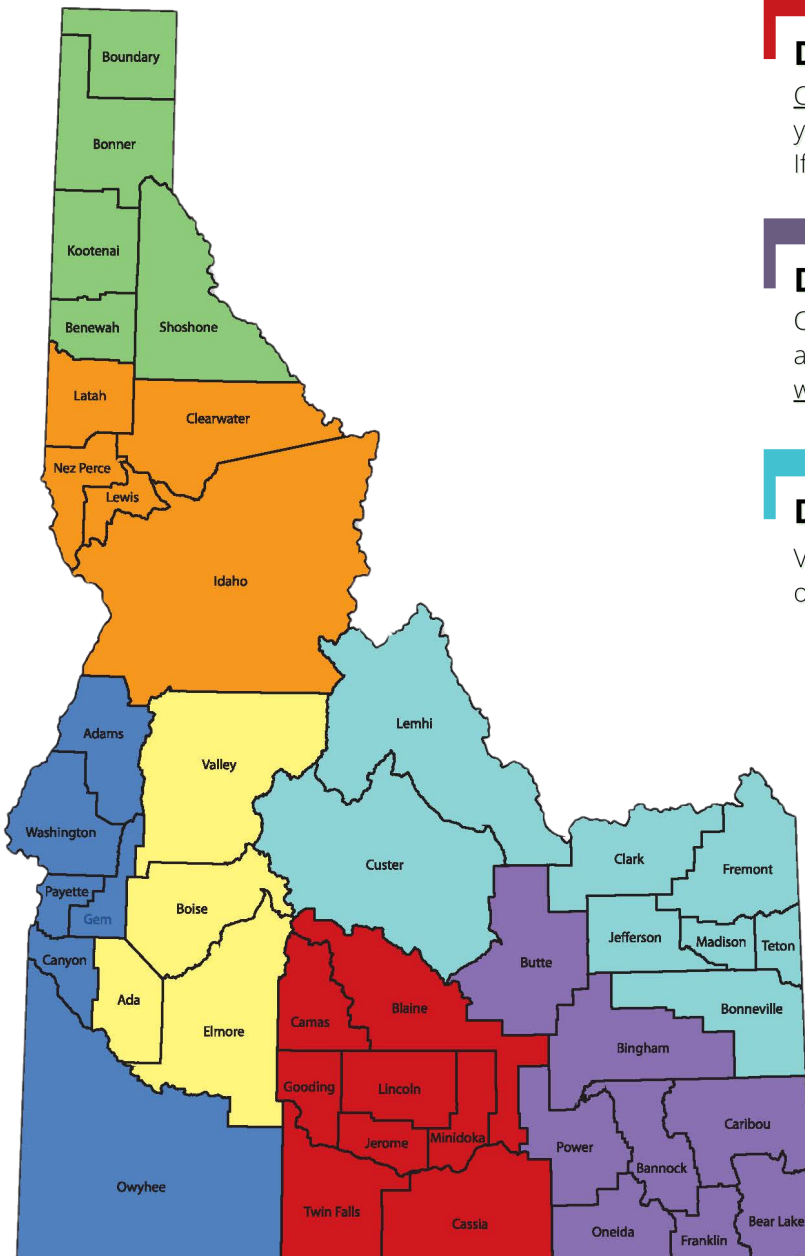

at **208.234.5875** or visit the website at

www.siphidaho.org

District 7- Eastern Idaho Public Health

Visit the health district website: www.EIPH.Idaho.gov

or call **208-533-3223** for more information.

This contact sheet is for Idaho businesses who would like to coordinate on-site or private vaccine clinics for their employees. Please contact the health district your business is located in to learn more about setting up an employee vaccine clinic.

If employees would like to sign up for a vaccine on their own, they are encouraged to use the state form [here](#).

GETTING VACCINATED IS SAFE AND CAN HELP PREVENT COVID-19

**PEOPLE 16 AND OLDER WHO ARE LIVING OR WORKING IN
IDAHO ARE ELIGIBLE FOR A COVID-19 VACCINE**

How to make an appointment:

Option 1: Sign up on a waitlist to receive a vaccine at your nearest provider: coronavirus.idaho.gov
Or call the COVID-19 hotline to sign up on that waitlist: 208-737-1138

Option 2: Talk to your employer to see if they have arranged a clinic for employees.

1: IT'S SAFE

Even under emergency conditions, the FDA will only approve vaccines for release when they have evidence the vaccines are safe.

2: IT'S EFFECTIVE

It's the most effective way to prevent getting COVID-19. Even if you get the disease, these vaccines will help prevent serious illness.

3: IT'S FREE

The vaccine is covered by federal funds. Providers may be able to charge an office visit fee but this is covered by insurance or state funds.

4: MINIMAL SIDE EFFECTS

Millions of Americans have received the vaccine and have had little to no side effects. Fever, and body aches are safe and normal reactions to a vaccine.

**IF YOU HAVE ANY QUESTIONS ABOUT THE SAFETY OF THE
VACCINE OR HOW IT WORKS, LET US KNOW!**

We want to help answer your questions.

VACUNARSE ES SEGURO Y PUEDE AYUDAR A PREVENIR EL COVID-19

LAS PERSONAS MAYORES DE 16 AÑOS QUE VIVEN O TRABAJAN EN IDAHO SON ELEGIBLES PARA LA VACUNA COVID-19

Cómo hacer una cita:

Opción 1: Regístrese en una lista de espera para recibir una vacuna: <https://www.phd5.idaho.gov/covid-vaccine-sp/>. O llame a la línea directa COVID-19 para inscribirse en esa lista de espera: 208-737-5965

Opción 2: Hable con su empleador para ver si ha organizado una clínica para los empleados.

1: ES SEGURO

Incluso en condiciones de emergencia, la FDA sólo aprueba la liberación de vacunas cuando tienen evidencia de que las vacunas son seguras.

2: ES EFECTIVO

Es la forma más efectiva de evitar contraer COVID-19. Incluso si usted contrae la enfermedad, estas vacunas le ayudarán a prevenir que la enfermedad sea mas grave

3: ES GRATIS

La vacuna está cubierta por fondos federales. Es posible que los proveedores puedan cobrar una tarifa de visita a la oficina, pero esto está cubierto por un seguro o fondos estatales.

4: EFECTOS SECUNDARIOS MINIMOS

Millones de estadounidenses han recibido la vacuna y han tenido pocos o ningún efecto secundario. La fiebre y los dolores del cuerpo son reacciones seguras y normales a una vacuna.

SI TIENE ALGUNA PREGUNTA SOBRE LA SEGURIDAD DE LA VACUNA O CÓMO FUNCIONA, ¡HÁGANOSLO SABER!

Queremos ayudar a responder sus preguntas.

Llame a nuestra línea directa COVID-19: 208-737-5965
